Modern Healthcare, Traditional Values

**BON SECOURS HOSPITAL**  
College Road, Cork

# Welcome

## Welcome to the Bon Secours Hospital, Cork

The Bon Secours Hospital, Cork is one of the largest independent Catholic hospitals in Europe with 344 beds, employing 1100 staff. The hospital was founded by the Bon Secours Sisters in 1915. The hospital has continually developed over the past 98 years and has a proud tradition of providing patient focused acute medical care in Cork. The hospital is a state-of-the-art facility providing a significant portion of the total acute medical, surgical and specialist care needs of the Cork region.

## OUR MISSION

The Mission of the Bon Secours Hospital is to care for the sick, the dying and their families within a Catholic Ethos.

We recognise the dignity and the uniqueness of each person, seeking to provide high quality holistic care characterised by compassion, respect, justice and hope.

## VISION

Through our Mission, Bon Secours Health System will:

- ✦ Be a leader in Catholic Healthcare in Ireland
- ✦ Empower staff to reach their full potential
- ✦ Reach out compassionately to the community
- ✦ Be innovative and responsive to new developments in healthcare and maintain our patient friendly environment in all our hospitals.

## VALUES

- ✦ **Respect**
- ✦ **Justice**
- ✦ **Integrity**
- ✦ **Stewardship**
- ✦ **Innovation**
- ✦ **Compassion**
- ✦ **Quality**

This GP information booklet has been prepared to help you with practical information.

We hope you find all the information you require about the Bon Secours Hospital, College Road, Cork in this handbook.

## Recent News in BSH Cork

**The Association of Laparoscopic Surgeons Annual Scientific Meeting.** In Nov 2012 the hospital successfully co-hosted the ALS Annual Scientific Meeting with Mr. Colm O'Boyle Consultant General and Bariatric Surgeon as Local Organiser. This leading-edge surgical and academic conference featured live laparoscopic surgery including gastric bypass, low anterior resection and splenectomy carried out here in Bon Secours Hospital Cork.

**Annual General Practitioner Study Day**  
The hospital held their 42nd Annual General Practitioner Study Day on Sat Jan 26th in The River Lee Hotel. The day, now a popular annual event, consisted of a choice of 14 educational sessions & multidisciplinary workshops on a range of topics relevant to General Practitioners presented by Bon Secours Hospital Consultants & staff and was ICGP approved and CPD accredited.

**Book Launch "Weight Loss, A Comprehensive Guide to Weight Loss Surgery"** The Bariatric Multidisciplinary Team at Bon Secours Hospital, Cork has together written a book published by Currach Press Ltd. This book, "Weight Loss, A Comprehensive Guide to Weight Loss Surgery" edited by Gillian Moore Groarke Clinical Psychologist and Mr. Colm O'Boyle Consultant Bariatric Surgeon was officially launched in Jan 2013. In conjunction with this launch, the Hospital in association with 2020 Art Gallery devised and curated an exhibition of artworks "Mirror, Mirror - Beauty & Perception" The Hospital Management sponsored a bursary to the winning artist.

**Accreditation** The Hospital continues to hold accreditations with Joint Commission International (JCI), European Society for Medical Oncology (ESMO) and Irish National Accreditation Board (INAB).

### **New Appointments:**

**Dr. Niamh Lynch**, Consultant Paediatrician provides a full-time comprehensive Clinical Paediatric Service. She has a special interest in paediatric neurology and provides a rapid access diagnostic service for children referred with neurological conditions.

**Dr. Denise McCarthy**, Consultant Anaesthetist provides a full-time comprehensive clinical anaesthesia service. Interests: regional anaesthesia, peri-operative pain management, and anaesthesia for patients with cardiac disease and intensive care medicine.

**Dr. Michael Murphy**, Consultant Radiologist - Interests: Interventional Radiology. He will be taking up his position here late May 2013.

**Dr. Paul O'Sullivan**, Consultant Radiologist - Interests: Musculoskeletal Imaging, Cross Sectional Imaging and PET-CT Imaging. He will be taking up his position here early June 2013.

**Dr. Suzanne O'Sullivan**, Consultant Gynaecologist will be commencing in the Hospital in February 2013. Dr O'Sullivan will be providing uro-gynaecology services in the Hospital

### **Awards**

**Kieran McNamara**, Health /Safety Officer has won the Major Category One National Award for Occupational Safety for the Bon Secours Hospital, Cork.

**Dr. William Fennell** was awarded the Lifetime Achievement Award at the 2012 Irish Healthcare Awards. The award is presented to a doctor, who in the view of colleagues or patients, has made an outstanding contribution to Irish medicine during their career. He was presented with his award at the Irish Healthcare Award ceremony held in the Shelbourne Hotel, Dublin on 1st November 2012.

**IT Award** - A commendation was presented to Bon Secours Hospital Cork, for its entry in the 2012 Irish Healthcare Awards - 'Best Use of information Technology' which has been recognised by the 2012 awards adjudication panel for its focus on improving patient care, innovation and collaboration.

These units provide care to patients and their families through their Cancer journey, from administration of Chemotherapy to Periodic Reviews through to Palliative Care. Patients are offered access to Cancer Research Trials.

### European Society for Medical Oncology (ESMO)

In 2011 the Bon Secours Hospital, Cork was successfully recertified as an ESMO Designated Centre of Integrated Oncology and Palliative Care. This accreditation program is an incentive program in which cancer centres can receive special recognition for achieving a high standard of integration of medical oncology and palliative care.

### NEUROLOGY

Dr Peter Kinirons M.B.B.Ch B.A.O., M.R.C.P.I., Ph.D has an established practice in Cork and works at the Hospital as a Consultant Neurologist and Clinical Neurophysiologist. He offers a high standard of clinical care, consulting with the patient to understand, investigate, diagnose, treat and manage disorders of the brain and the nervous system.

His clinical expertise encompasses General Neurology and Neurophysiology with a particular interest in Epilepsy, Multiple Sclerosis, Parkinson's Disease, Movement Disorders, Migraine and Motor Neuron Disease.

Investigations including the latest neuroimaging techniques and neurophysiology are available in the Hospital. The Neurology service also encompasses a dedicated multi disciplinary team of health professionals: Occupational Therapy, Physiotherapy, Dietitian, Speech and Language Therapy and specialist nursing.

Neurology Services can be accessed by faxing or e mailing a referral letter. All new patients are seen within four weeks as outpatients. For urgent cases direct admission can be arranged.

### SPECIALIST OPHTHALMOLOGY SUITE

The Bon Secours have invested over €350,000 to develop a state of the art Ophthalmology Suite. Our dedicated specialist registered consultant ophthalmologic surgeons are leaders in their fields. Patient care is optimised by each consultant's sub-speciality expertise, clinical experience and research.

#### Ophthalmic Surgeons:

Mr. Behrooz Golchin  
Mr. Gerard O'Connor  
Prof. Philip E. Cleary  
Mr. Anthony Cullinane

#### Nursing Staff:

Fiona O'Connell, CNM II

The Specialist Ophthalmology Suite at Bon Secours Hospital offers a very wide spectrum of services including:

- ✚ Assessment and treatment of cornea and ocular surface disease
- ✚ Fleur de Lile Cataract surgery
- ✚ Eye lid and anterior segment surgery
- ✚ Glaucoma medical and surgical managements
- ✚ Assessment and management of age related macular degeneration
- ✚ Assessment and management of Uveitis, Vitreous and Retinal disorders
- ✚ Diabetic Retinopathy screening and management
- ✚ Squint surgery

## Departments

The department also offers a wide range of medical services such as corneal topography and tomography examinations, IOL Master biometric examinations, OCT examination, fundus photography and retinal ultrasound examinations and visual field analysis.

The Ophthalmology Suite is located in the Out-Patients Department on the basement level. The facility includes a dedicated waiting room and 3 treatment suites, one of which is solely dedicated to procedures such as intra-vitreous injections. The assessment, diagnosis and treatment of the eye conditions can be undertaken in this dedicated area, adding to patients' convenience and comfort. Many patients are treated using a consultant led multidisciplinary team approach such as Diabetic Retinopathy screening and treatment. Many of the procedures are covered by health insurance.

## RAPID ACCESS CHEST PAIN CLINIC (RACPC)

Telephone	021 4941942
Fax	021 4542137
Head of Department:	Barbara Mahony
RACPC Nurse:	Mary O'Reilly CNMI

### Appointment Hours:

Monday to Thursday 08.00 to 15.00  
Friday 08.00 to 12.00

The Rapid Access Chest Pain Clinic is an appointment only facility for patients with recent onset or acute chest pain that require urgent investigation. This is a consultant led service and is available Monday to Friday.

The patients are seen on the day of referral. If assessment indicates that a patient should be admitted to the hospital, this will be arranged. If deemed appropriate a patient can be transferred immediately to the Catheterization Laboratory. Please call: 021 4941942 for an appointment to access this service.

### Referral Criteria

- ✦ Any patient presenting with a recent history of chest pain
- ✦ Pain that is suggestive of angina
- ✦ Pain with atypical features of heart disease but is accompanied by significant cardiac risks.

Patients with suspected myocardial infarction should be admitted directly to ICU / CCU.  
Contact bed manager: Tel 021 4542807

You can also download the RACPC GP Referral Form by logging on to [www.bonsecoursireland.org](http://www.bonsecoursireland.org)  
This form should be printed off, filled in and faxed to 021 4542137

## UROLOGY

### Staff

- ✚ Consultant Urologists: Mr. P. C. Ryan, Mr. D. Lanigan.
- ✚ CNM II: Helena Behan. St Josephs Ward
- ✚ Urodynamics Nurses: Phil Lynch, Catherine O'Sullivan, Mary O'Sullivan, Derval Kelly
- ✚ Theatre CNM II: Mary Keigher

Telephone: 021 4801687

### Services

- ✚ Outpatient urological procedures (including flexible cystoscopy)
- ✚ Rapid Access consultation for cancer
- ✚ Erectile dysfunction clinic
- ✚ Incontinence advice clinic
- ✚ Transrectal ultrasound prostate / biopsy (daycare)
- ✚ Haematuria assessment
- ✚ Urodynamic evaluation (complex urodynamics and uroflowmetry/post void scanning)
- ✚ Paediatric Urology (non-complex)
- ✚ Urological Surgical Oncology (including complex nephron-sparing renal cancer surgery, radical cystectomy and urinary diversion, testis cancer surgery and radical prostatectomy).
- ✚ Percutaneous renal stone surgery
- ✚ Ureterorenoscopy (including flexible URS with intrarenal laser stone treatment)
- ✚ Incontinence surgery (including TVT)
- ✚ Laser surgery for prostate and bladder neck.
- ✚ Implantation of artificial AMS sphincter and penile prosthesis.
- ✚ Testosterone replacement therapy

The urology department, in combination with the medical oncology and radiation oncology consultants, provides a complete and multidisciplinary approach to all urological cancers. A weekly multidisciplinary conference (MDT) discusses all new and ongoing urological cancer cases, enabling urological cancer care at the Bon Secours Hospital to be provided at the highest level of excellence.

Our experience includes one of the largest series of radical prostatectomies in Ireland with excellent cure and low complications rates and a structured system for patient follow up after surgery, including appropriate rehabilitation in terms of continence and sexual function. We offer rapid access referral for all potential cancer patients in order that clinical consultation and appropriate diagnostic tests can occur without any significant delay in these patients.

Our services for benign urological ailments includes a tertiary referral service for percutaneous renal stone surgery (PCNL) and the latest technology in laser stone treatment. Our state-of-the-art urodynamics laboratory is staffed by 4 trained urodynamics nurses and enables accurate diagnosis of all forms of male and female incontinence. We offer a full range of female incontinence surgical procedures with excellent results. Mens Health services include a step by step approach to diagnosis and treatment of erectile dysfunction and multidisciplinary approach to hormone replacement therapy in appropriate patients.
