

Insurance Coverage and Reimbursement

It is possible for patients to claim tax relief for the consultant fees and tests completed in the MAU which are not already covered by a patients health insurance policy (details of those covered are included in the section overleaf).

A receipt for all fees paid will be provided to patients.

In the event of a patient requiring admission as an inpatient, the Hospital has negotiated excellent coverage with all private health insurance companies. With the exception of Public Hospital Plans, most other plans are covered. Please note that certain insurance policies have an excess which is payable on admission to the hospital.

Costs: *(correct as 1 September 2017)*

The initial consultation fee to attend the MAU is €150. The maximum cost for the following examinations will be €495 in any single visit.

Initial attendance fee including review with MAU Consultant	€150
Follow-up review with MAU Consultant	€80
Laboratory tests	€35 - €350
General Radiology (per x-ray)	€90
Ultrasound	€190
MRI (excluding Cardiac MRI) ^{1,2}	€245
CT Scan ^{1,2}	€350
ECG	€40
Echocardiography	€267
Holter Monitor	€155
24 Hour BP Monitor	€125
Pulmonary Function Test ^{1,2,3,4}	€160

Charges that will be paid directly by the insurance company (subject to an excess if applicable) - Glo ¹ Irish Life ² Laya ³ VHI ⁴ ESB/GMA/POMAS patients will need to pay for tests and claim back from their insurers.

Should a patient be admitted as an in-patient following their assessment, all but the initial attendance fee of €150 will be waived. Any policy excesses are payable.

Payment is by credit card, cheque or cash on discharge.
